

Call for Papers

Special issue on direct IEEE IFETC publications

The scope of this Special Journal Issue is a direct publication option for IEEE IFETC submissions. On acceptance, this guarantees a peer-reviewed journal publication already with the start of the conference. Only original manuscripts on the conference topics ranging from Materials & Manufacturing, Devices, Reliability, Simulation & Modelling to Sustainability & Energy Efficiency are accepted. Authors are invited to submit papers on the theoretical, technological and experimental aspects.

Topics

- | | | |
|--|--|---|
| 1) Materials & Manufacturing | 5) Bio-interfaced, Bio-inspired & Neuromorphic Electronics | 10) Emerging Applications & Products |
| 2) Energy Harvesting & Storage Devices | 6) Transistors & Circuits | 11) Flexible & Printable Solutions in RFIDs and IoT |
| 3) Imaging & Lighting Devices | 7) Simulation & Modelling | 12) Sustainability & Energy Efficiency |
| 4) Sensors, Biosensors & Actuators | 8) Reliability & Lifetime | |
| | 9) Heterogeneous & Hybrid Integration | |

Important dates

February 2024:	Call for Papers (to appear in IEEE Journal on Flexible Electronics)
April 03, 2024:	Deadline for Paper Submission
May, 2024:	Completion of First Review
June, 2024:	Completion of Final Review
September 2024:	Publication

Submission and Peer Review of Papers

All papers shall undergo the standard IEEE J-FLEX peer-review process. Manuscripts must be submitted online, via the *IEEE Manuscript Central*TM, see <https://mc.manuscriptcentral.com/jflex>. When submitting, please indicate in the "Manuscript Type" roll down menu, and also by e-mail to Mansi Kukreti, m.kukreti@ieee.org, that the paper is intended for the "IEEE IFETC direct publications" Special Issue. Authors are particularly encouraged to **suggest names of potential reviewers** for their manuscripts in the space provided for these recommendations in *Manuscript Central*. For manuscript preparation and submission, please follow the guidelines in the *Information for Authors* at the IEEE J-FLEX web page, <https://ieee-jflex.org/guidelines-for-authors/>.
