

IEEE TRANSACTIONS ON CONSUMER ELECTRONICS

MAY 2023

VOLUME 69

NUMBER 2

ITCEDA

(SSN 0098-3063)

A Publication by the IEEE Consumer Technology Society

REGULAR PAPERS

- [Grid Interactive Solar PV and Battery Operated Air Conditioning System: Energy Management and Power Quality Improvement](#)
..... D. Das, B. Singh, and S. Mishra
- [Generation of Secure Fingerprint Template Using DFT for Consumer Electronics Devices](#) V. S. Baghel and S. Prakash
- [RBWCI: Robust and Blind Watermarking Framework for Cultural Images](#)
..... S. Mehraj, S. Mushtaq, S. A. Parah, K. J. Giri, J. A. Sheikh, A. H. Gandomi, M. Hijji, B. B. Gupta, and K. Muhammad
- [Boundary Vibration Constraint Control Design of Motor-Driven Industrial Moving Belt Systems Subject to Actuator Input Saturation](#)
..... L. Tang, R. Sun, and S. Zhang
- [Continuous Volumetric Convolution Network With Self-Learning Kernels for Point Clouds](#) R. Zheng, K. Huang, H. Shen, and L. Ma
- [SecureCam: Selective Detection and Encryption Enabled Application for Dynamic Camera Surveillance Videos](#)
..... I. Aribilola, M. N. Asghar, N. Kanwal, M. Fleury, and B. Lee
- [Joint Active and Passive Beamforming Design for RIS-Aided IBFD IoT Communications: QoS and Power Efficiency Considerations](#)
..... K. Singh, P.-C. Wang, S. Biswas, S. K. Singh, S. Mumtaz, and C.-P. Li
- [Analysis of Networks and Digital Systems by Using the Novel Technique Based on Complex Fuzzy Soft Information](#)
..... N. Jan, J. Gwak, J. Pei, R. Maqsood, and A. Nasir
- [A Context-Aware Multi-Event Identification Method for Nonintrusive Load Monitoring](#) R. Jiao, C. Li, G. Xun, T. Zhang, B. B. Gupta, and G. Yan
- [A Quality-of-Experience-Aware Framework for Versatile Video Coding-Based Video Transmission](#) C. Udora, J. Adhuran, and A. Fernando
- [A System Design With Deep Learning and IoT to Ensure Education Continuity for Post-COVID](#) F. Aydemir and S. Arslan
- [Multichannel CNN-BLSTM Architecture for Speech Emotion Recognition System by Fusion of Magnitude and Phase Spectral Features Using DCCA for Consumer Applications](#) G. A. Prabhakar, B. Basel, A. Dutta, and C. V. R. Rao
