

Call for Papers UCMMT 2022

17-19 August, Tonsberg, Norway

USN University of
South-Eastern Norway

15th UK-Europe-China Workshop on Millimetre Waves and Terahertz Technologies (UCMMT)

International Advisory Committee Co-Chairs

Alan Phelps, University of Strathclyde, UK
Xiaodong Chen, Queen Mary, University of London, UK
Claudio Paoloni, Lancaster University, UK
Rosa Letizia, Lancaster University, UK

Conference Chairs

Chair, Xuyuan Chen, University of South-Eastern, Norway
Co-Chair, Wei Hong, Southeast University, China

Conference Honorary Chair

Liu Shenggang, University of Electronic Science and Technology of China, China

Technical Programme Committee Chairs

Chair, Muhammad Nadeem, University of South-Eastern, Norway
Co-Chair, Haiming Wang, Southeast University, China

International Advisory Committee

Matt Griffin, Cardiff University, UK
Byron Alderman, Rutherford Appleton Laboratory, UK
Xiaolong Dong, National Space Science Center, Chinese Academy of Sciences, China
Yong Fan, UESTC, China
Guangyou Fang, Institute of Electrics, Chinese Academy of Sciences, China
Yubing Gong, UESTC, China
Yi Huang, University of Liverpool, UK
Wei Hong, Southeast University, China
Peter de Maagt, European Space Agency, The Netherlands
Jian-Rong Gao, SRON Netherlands Institute for Space Research, The Netherlands
Jian Wu, CETC-22, China
Claudio Paoloni, Lancaster University, UK
Peter Hargrave, Cardiff University, UK
Stafford Withington, University of Cambridge, UK
Shengcai Shi, Purple Mountain Observatory, Chinese Academy of Sciences, China
Caidong Xiong, UESTC, China
Xiaobo Yang, UESTC, China
Rui You, China Academy of Space Technology, China
Guozhong Zhao, Capital Normal University, China
Ghassan Yassin, University of Oxford, UK
Peter Jepsen, Technical University of Denmark
Lingling Sun, Hangzhou Dianzi University, China
Kaixue Ma, Tianjin University, China
Patrizia Livreri, Università degli Studi di Palermo
Mingquan Bao, Ericsson AB, Sweden

Local Organisation Chair

Kang Du, Pai Lu, University of South-Eastern, Norway

Publicity Chair

Mohammad Shojaeifard, University of South-Eastern, Norway

Financial Chair

Turid Amundsen, University of South-Eastern, Norway

Social Event Chair

Angelos Bouchouri, University of South-Eastern, Norway

The UCMMT 2022 committee is pleased to invite you to attend the UK/Europe and China Workshop on Millimetre Waves and THz Technologies in Vestfold, Norway from 17th to 19th August 2022. Due to the travel restriction policies imposed in different parts of the world, UCMMT2022 will be held in a hybrid mode of in-person and online.

Vestfold, Norway, welcomes you with its proud maritime traditions, as the centre of Viking cultural heritage, and with a pleasant climate. The conference venue will be in the Hotel Klubben, located at the beautiful Tønsberg Pier. You will have plenty to do and see! (<https://www.visitvestfold.com/en/tonsberg/attractions/>)

UCMMT was created in 2008 to stimulate and strengthen scientific collaboration, knowledge and cultural exchange. The workshops are held yearly, alternating between Europe and China. UCMMT is a unique forum, where leading scientists from Europe and China share their knowledge in the field of millimetre waves, and THz sources, devices, systems and applications.

We look forward to seeing you in Tønsberg in August 2022 or meeting you online during the conference.

The Organisation Committee

Key Dates

Submission of abstract	1 st July 2022
Final paper submission	10 th July 2022

Topics

Millimetre waves and THz sources, devices, systems and applications:

- Space applications
- Astronomy
- Earth observation
- Measurement & characterisation
- Solid state
- Vacuum electronics
- Components
- Sources
- Detectors
- Antennas
- Instrumentation
- Spectroscopy
- Communications
- Imaging
